

- Behind the B-pillars, ACT can place fixed windows.

- Those windows are glued to the outside and are, if necessary, finished with a black spoiler between the glass and the door in front. (Fig. 1.1)

- At the same time, it is also possible to place windows behind the C-pillars. (Fig. 1.2)

- There is the possibility to glue an opaque film on the windows of the cargo compartment (35% -95%) (Fig. 1.3)

- As additional protection, metal grills can be installed. (Fig. 1.4)
